The world of a General is a varied and exciting one. It is a world as calm as an old lazy river at times; as turbulent as a racing young stream at others. It is a world that sometimes seems to hold nothing but mountains of homework; a world sometimes as forbidding as Everest's peak, but, like Everest's peak, a world that may be conquered.

ITELLA '65 maps a General's world, and invites you to explore it.

Behind the Scenes

Administrators and citizens take an active interest in DMHS. Dr. Wilbur, Saginaw Township Superintendent of Schools, heads the administrative team that works at the main office on Shattuck and Weinecke.

Administration Exercises Leadership

DMHS principal Mr. Sam Moore has the task of keeping the days at MacArthur running smoothly.

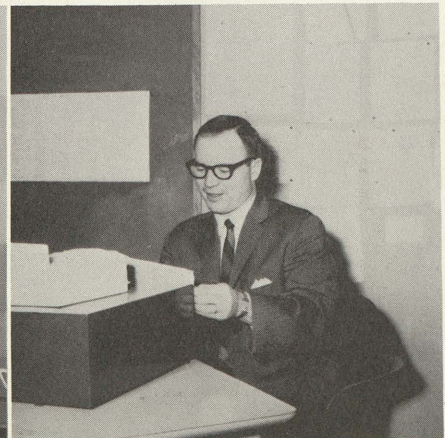

MacArthur employs three assistant principals. Mr. Max Matson works in the main office. He eases Mr. Moore's busy schedule by handling many school problems. Mr. Bill Matson and Mr. Spaulding are in charge of specific buildings on campus. Mr. Bill Matson handles the administrative chores in East Hall, while Mr. Spaulding performs a similar role in West Hall.

Of the many courses offered at D.M.H.S., those offered in the English Department are among the most useful to students. Eleven courses are given, that range from regular English Grammar to Creative Writing and Dramatics, for those who wish to express their talents.

The Writers' Clubs' main project this year is a literary magazine, which contains work submitted by MacArthur students.

At MacArthur, English is a required course up to the eleventh grade, and in the twelfth grade it is an elective. Most of the English classes give literature, grammar and composition together, unless otherwise specified. This year a new course has been added. It is a composition course that does not hold a class. The students do the assigned work at home, on their own time, to better their skills in writing for future use in college.

Thespians

The first dramatic production of the 1964-65 school year was "The Gazebo", presented in December. "Teahouse of the August Moon" was the second production, presented in the spring. Both plays were smashing successes. Much of the credit must go to Mr. Richard Fuller and his Thespians.

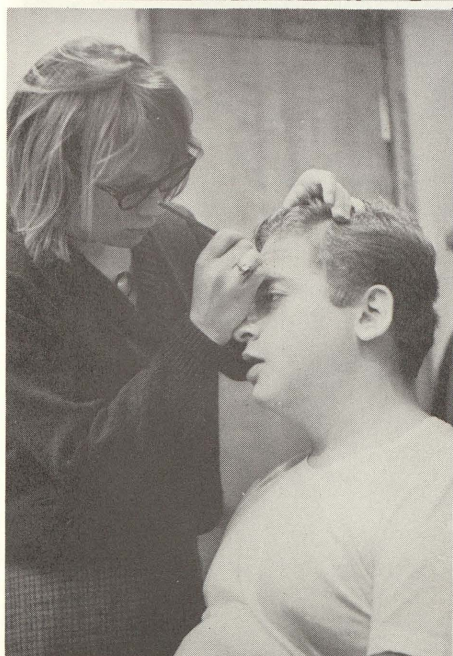

The Thespians include students interested in all phases of play production, from set construction to make-up to acting.

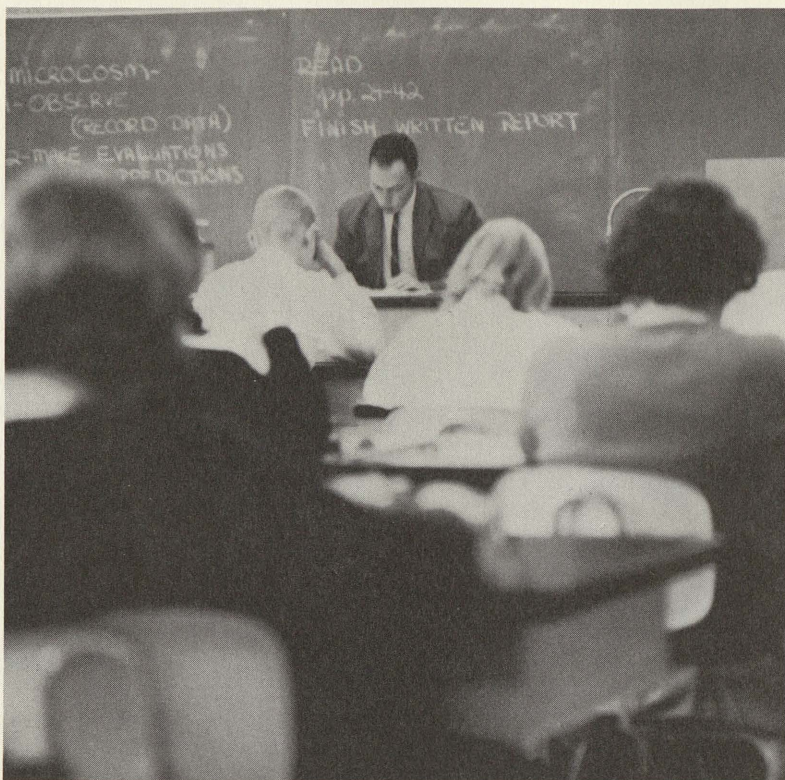

Besides assisting in school productions, the Thespians have visited Pit and Balcony and are planning a trip to Detroit. The club also has an annual banquet, where the MacArthur Oscars are presented to the outstanding Thespians.

The big ideas of science—laws and principles—are stressed in the MacArthur Science Department. Teachers seek to minimize the memorization of individual facts. In the laboratory, students conduct experiments under actual scientific working conditions.

Four years ago, during MacArthur's initial year, the science department made only one offering, biology. Today, there are nine offerings. This year, to complete the science curriculum for MacArthur's arrival to the ranks of a complete 9-12 high school, Advanced Chemistry, Advanced Physics, and Physical Science II were added to the existing courses. In addition, the biology classes now use the recently-developed B.S.C.S. Biology course.

Douglas MacArthur boasts an excellent mathematics program, with seventeen courses offered. These range from freshman general math to senior-level electives in matrix algebra and probability and statistics.

In addition, a four-year program of accelerated courses is available for selected high-ability students. These students study calculus and analytic geometry in their final year.

The math department offers something for every student, whether he plans on college or a career after graduation.

Today's seniors, who take a required American Government course, began a sequence of social studies courses four years ago, with civics.

The social studies department has grown since 1961, when civics was the only course. Now there are eight courses, including the new courses Social Science Seminar and Problems of American Democracy, which were added this year along with American Government.

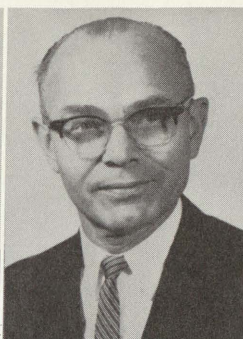

Government, at best, begins at home. The MacArthur governing body is the Student Council. The Student Court, which was organized by Council in 1962, handles the discipline of the students referred to it by the administration.

Foreign Languages

Four foreign languages are offered to students at Douglas MacArthur. French, German, Spanish, and Latin have been offered since MacArthur's beginning, four years ago.

Language teachers strive to teach their students to understand the foreign tongue in reading, writing, and speaking. Students spend much time in the well-equipped language laboratory in Electives Building.

There is a club for each language, sponsored by the language teachers. The German club, Deutscher Verein, centers its program around the annual Christmas banquet held at the Bavarian Inn in Frankenmuth. Spanish pen pals help Spanish Club members become better acquainted with their adopted language. Circle De Francais, the French club, studies the French people, the French culture, and has a French caroling party in December. The Latin Club climaxes the school year with a Latin Banquet.

MR. WEIRAUCH

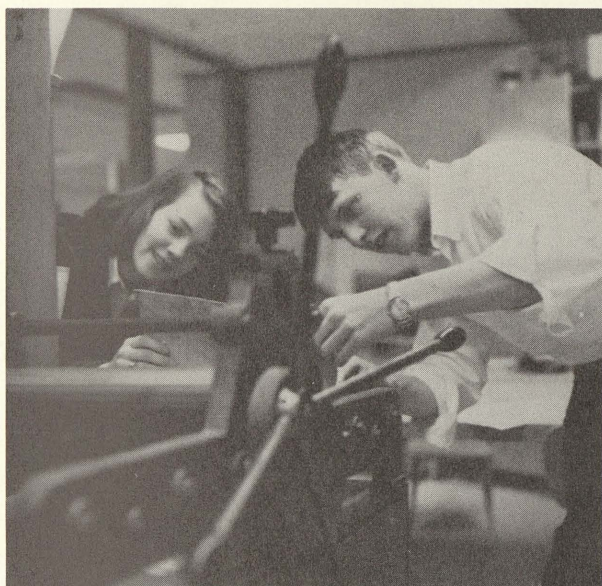

Four years ago the MacArthur Art Department was a mere orphan. At that time there was no room for Mr. Lamson and his twenty-eight art students. Biology classes met in what today is the art room.

Eventually construction of the remainder of the campus was completed and the art students moved into the Art Center. But they were then plagued by delays in the shipment of equipment.

The past four years have seen MacArthur students winning prizes in every art show in the area, in spite of all these difficulties.

Today art classes meet in the well-equipped Art Center every period of the school day. Often you will find students working on projects after school.

Mr. Lamson and Mr. Weirauch combine to sponsor the Art Club, which has been functioning for three years and is one of the school's most active clubs.

MR. D'ANGELO

MR. HEIKKINEN

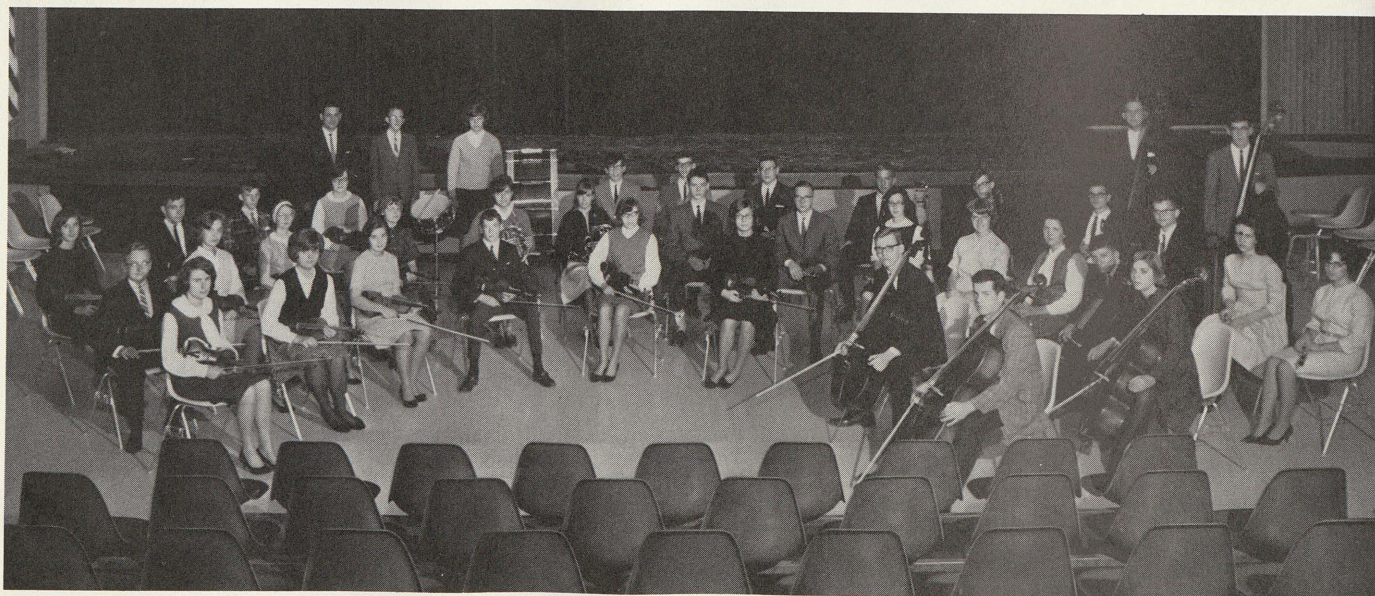

Many varied groups make up the MacArthur Music Department. In the auditorium you may hear the soft tones of a lullaby being played by an orchestra, or a booming march being blasted out by one of the bands. The choir often fills its room with pleasant vocal music. And, in the small sound-proof practice rooms a group of potential folk singing stars often rehearse.

The marching band, which appears at every home football game, is made up of two smaller groups, the concert band and the symphonic band. The concert band is a training section for the performing symphonic band. The symphonic band represents DMHS at festivals. Band festivals are a type of contest where bands are judged against a standard norm, rather than against other bands. MacArthur also has a concert and symphonic orchestra, which run under much the same procedure, but with the sweet soft sound of violins replacing the blaring trumpets.

Other performing Generals display their talents in the choir. The vocal section of the music department, headed by Mr. Heikkinen, is divided into two parts, the choir and chorus. The chorus is composed mainly of freshmen and sophomores, while the more-advanced choir is made up of mostly juniors and seniors. The choir performs at many hospitals, and these Generals have always been invited back for a return performance.

Industrial Arts

Vocational education is not neglected at MacArthur, with six courses offered. In drafting, the basis for the entire industrial arts program, students study both architectural and perspective drawing. Woodshop finds students working on all sorts of carpentry projects, while the metal shop classes next door turn out items made from both light and heavy metal. Boys seen with black spots on their clothes may have been doing anything from printing or commercial art in graphic arts to disassembling a teacher's car in power mechanics. Students in electronics, the most technical course offered, dissect radios, televisions, and other electrical devices to reinforce textbook theories. Overall, a fine foundation for many trades is available at DMHS.

Business Department

Approximately four hundred fifty DMHS students, under the direction of five teachers, take business courses. Business department offerings are designed to meet these objectives: the development of skills used in the business world, and the development of personal skills. Courses include typing, shorthand, business machines, bookkeeping, and economics.

Many business students are on the co-op program, whereby they attend school in the morning and work in the afternoon. These students take classes such that their school work will complement their job. Most girls serve as part-time secretaries, while boys hold down a variety of jobs.

Two counselors are assigned to the sophomore, junior, and senior classes, and these counselors follow their class through to graduation.

Counselors compile records, keep communication lines open between students, teachers, and parents, handle college applications, maintain a career library, conduct testing, and give general counseling help. In all counseling given, counselors try to help students become more self-directive.

Special Education

The Special Education Program was established at MacArthur to afford all students an opportunity to work at their own rate. The program is tailored to meet individual needs. The main emphasis is on occupational education, training the student to accept a responsible position upon graduation.

Three objectives of the program are: personal competencies for working, social competencies for working, and academic competencies for working. The benefits of such a program have become apparent in that students are progressing in such subjects as physical education, science, language arts, and fine arts.

Physical Education

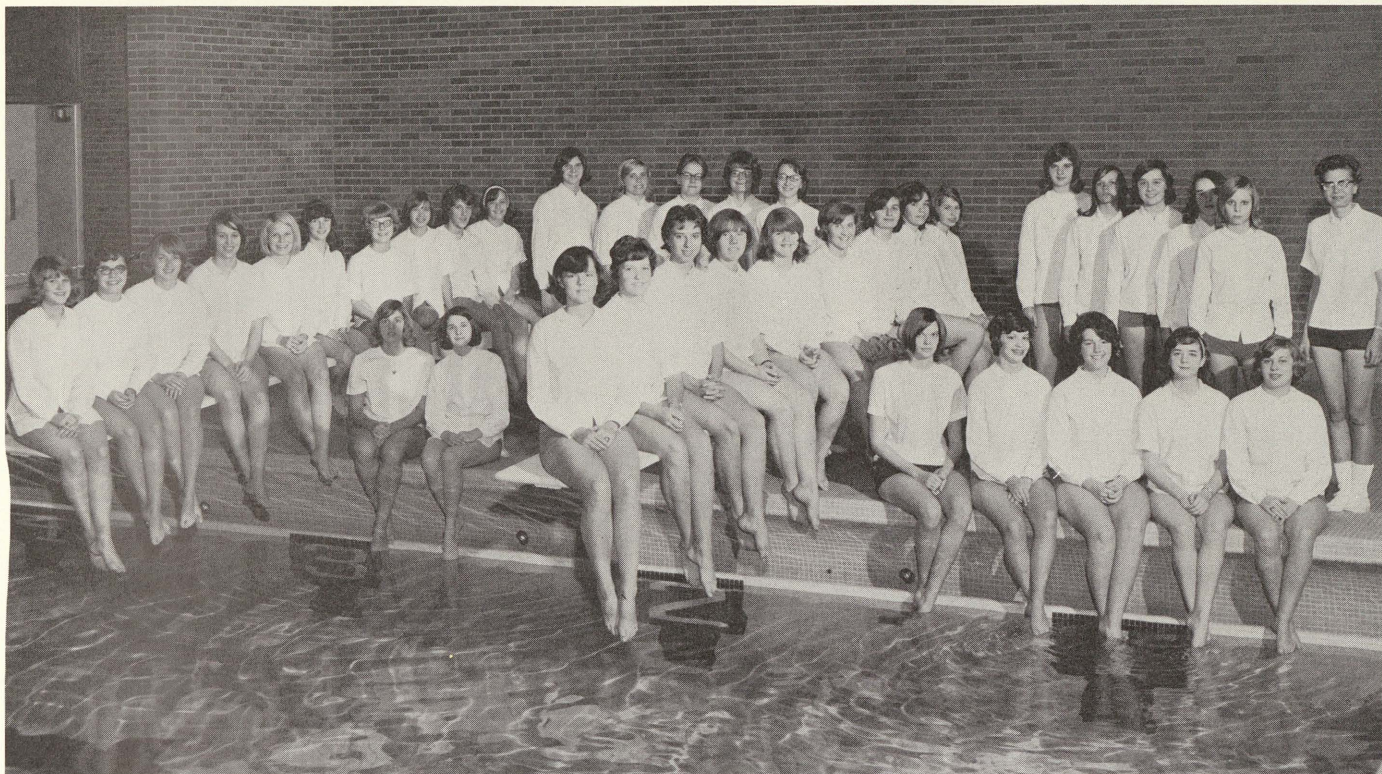

Throughout each school day the Peter M. Beach Athletic Building is filled with eager Generals training to become physically fit.

Physical Education is a required course for all freshmen and sophomores. Juniors and Seniors, however, can take P.E. on an elective basis.

Many clubs are associated with the physical education department. Girls' Intermurals, the Playgirls, encourage leadership and good sportsmanship. Their many after school activities include skiing, archery, horseback riding, and touch football. Boys' Intermurals offer an opportunity for boys to take part in basketball, swimming, and other activities. The Sea Nymphs (Swim Club) present a water ballet in the spring to display their talents in synchronized swimming. Another very popular club at MacArthur is the Ski Club. Trips are often taken to Bintz Apple Mountain and a northern ski trip climaxes winter activities.

Cadet Leader Program Prepares Future Phys. Ed. Teachers

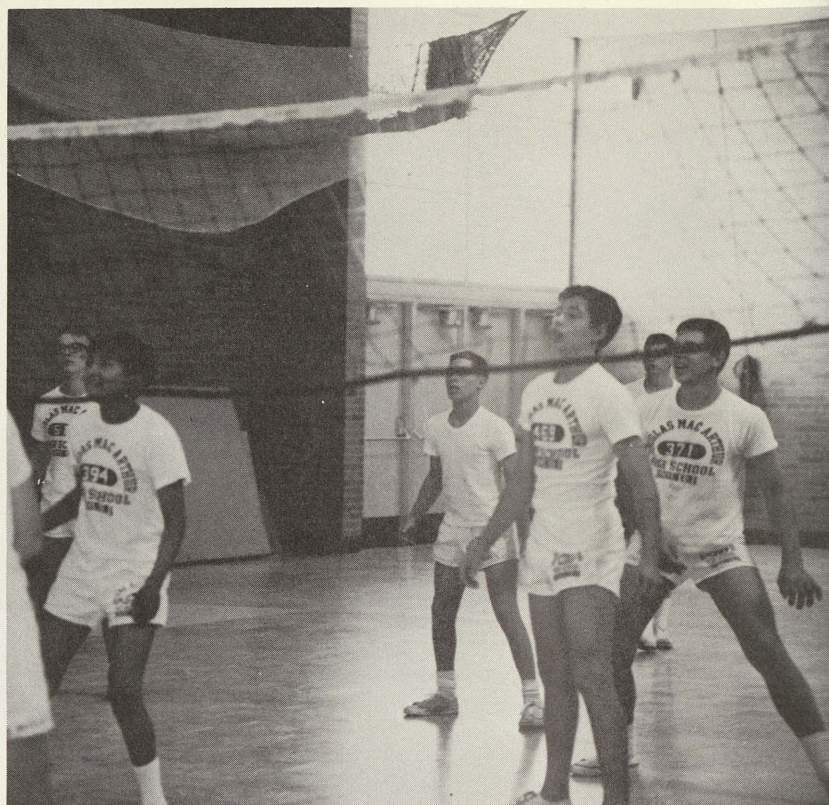

Girls are given the opportunity to understand and learn about a possible future in the field of physical education in the Student Leader Program. Goals of the program include understanding of human movement, physical education, and the philosophies of teaching. During the class girls develop in skill areas and explore methods of learning and teaching. Seniors and juniors are eligible to join the program after preparing a letter of application explaining why they would like to be in the class.

“Generals, Generals, F-I-G-H-T!!”

The first time this cry was heard in the Saginaw area was on October 5, 1961, when our Generals, as green as the grass on their borrowed field, and shaking a little in their brand-new uniforms, gave birth to a lasting rivalry by trouncing Bridgeport 18-0. We've come a long way since then—our own stadium, experienced uniforms and players, and other rivalries with other teams. Our basketball team is 35-35 over the four years D.M.H.S. has been in existence, and our football team 17-14. We have new sports now, and new coaches for them. We also have some new cheers. But throughout the four-year history of sports at MacArthur, in times of victory and times of defeat, the cry has echoed, “Generals, Generals, F-I-G-H-T!!”

Football

Preparation for the 1964 football season began many weeks before the opening game. Workmen, not athletes, were the first conquerors of our football field as they erected bleachers and lights.

Finally the leaves began to fall and football season arrived. The Generals won all five home games, beginning with an inaugural 12-6 win over Lapeer. The team blanked Buena Vista 16-0, then upset Flint Northwestern 14-12. In our first "Homecoming" game, the Generals beat Lansing Waverly 26-7. The home season's climax was a 51-7 rout over Flint Bendle.

Football fortunes were not as favorable to the team on opponents' fields. MacArthur lost to St. Andrew's, 12-7, Muskegon Mona Shores, 20-7, Mt. Pleasant 33-14, and, in a heart-breaker, to Bridgeport 14-7. The Generals thus finished a rough season with a respectable 5-4 record.

We celebrated our first Homecoming with the crowning of Queen Grace Hutchinson by former principal Mr. Roy J. Alexander. Grace's attendants were Nancy Pfeuffer and Nancy Anderson. Lucine Folgueras, Laurie Davis, Shirley Platko, and Connie McCloskey were court members.

Diary of a General

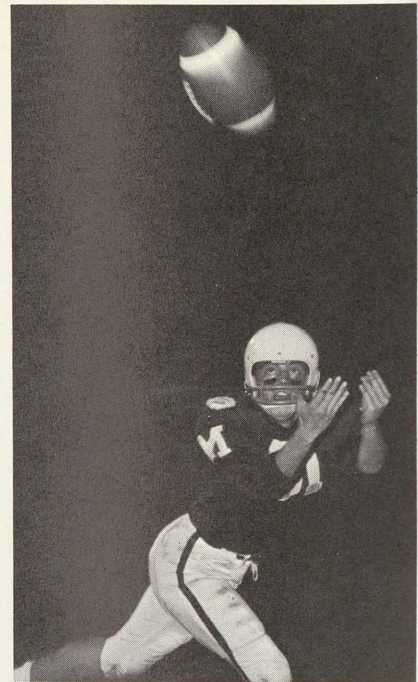

Football means many long hours of practice . . .

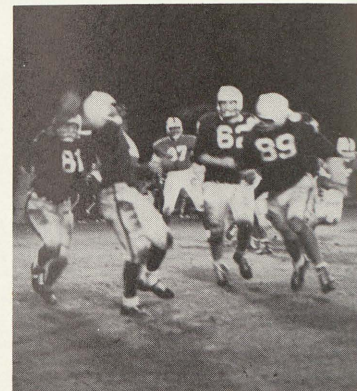

. . . and with backs too fast for even the camera to catch.

The offense rolls with long gains via the airways . . .

The defense is tough too . . .

. . . and after encouragement from the sidelines, the team marches off, VICTORIOUS!

Cross Country

MacArthur's first cross country team finished its season with a 3-4 record and second place in the White Pine Conference meet. The Generals, who were led by Captain Jim Payton, opened this new sport with a 22-23 victory over arch-rival Bridgeport. The MacArthur Harriers then went on to beat Buena Vista and Bullock Creek, while losing to Midland, Mt. Pleasant, and twice to Reese.

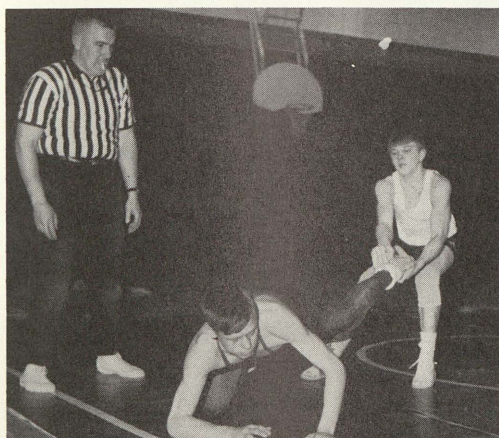

The Generals finished well back in the Class A Regionals, but did finish ahead of Saginaw Arthur Hill.

Wrestling

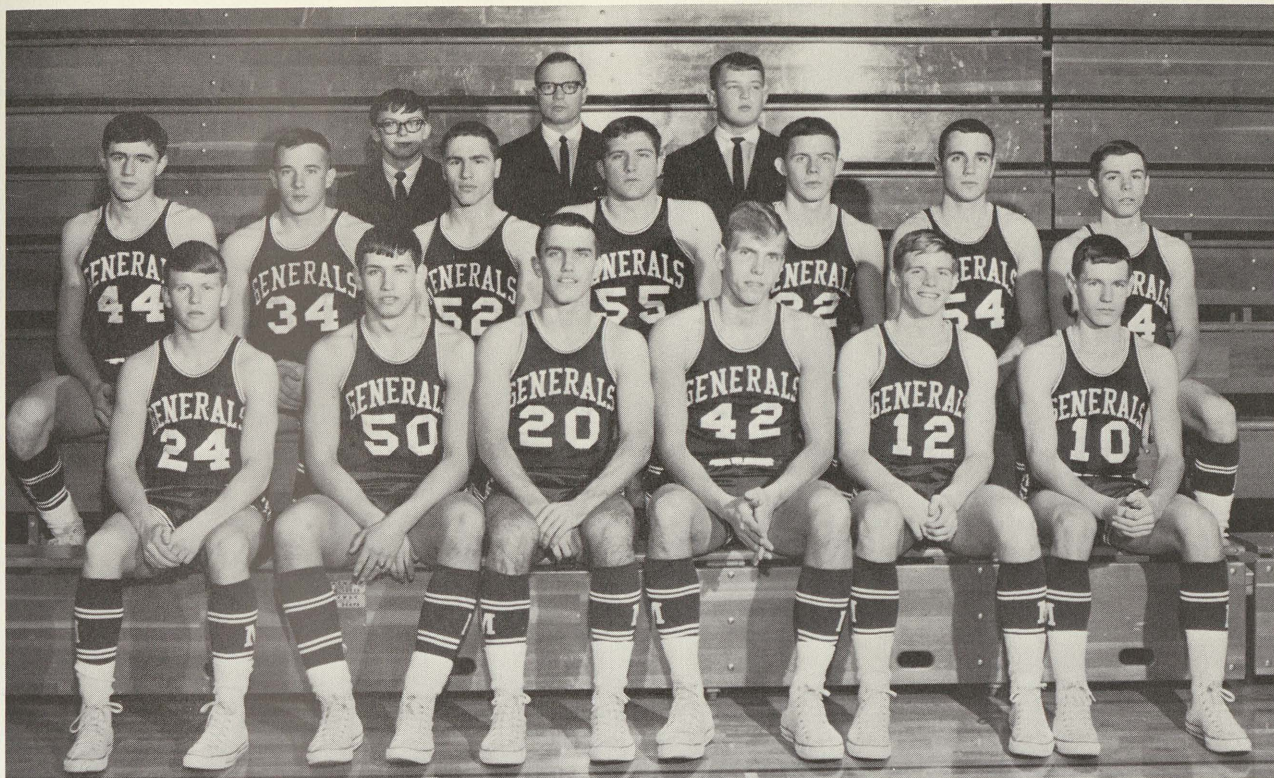

In its first year of competition, the MacArthur wrestling team compiled a record of 8 wins and 5 losses. The season featured double wins over Seminary, Oscoda, and Buena Vista, with single victories over Bullock Creek and Saginaw High. The defeats came at the hands of Clio, Arthur Hill, and Mt. Pleasant. Grant Stahl and Bob Reis led the grappling Generals' scoring, while Tom Gray's victories in the heavyweight division provided the winning margin in six matches. Coach Skillman and his squad have proved to MacArthur fans that wrestling deserves a place in our school's athletic program.

Basketball

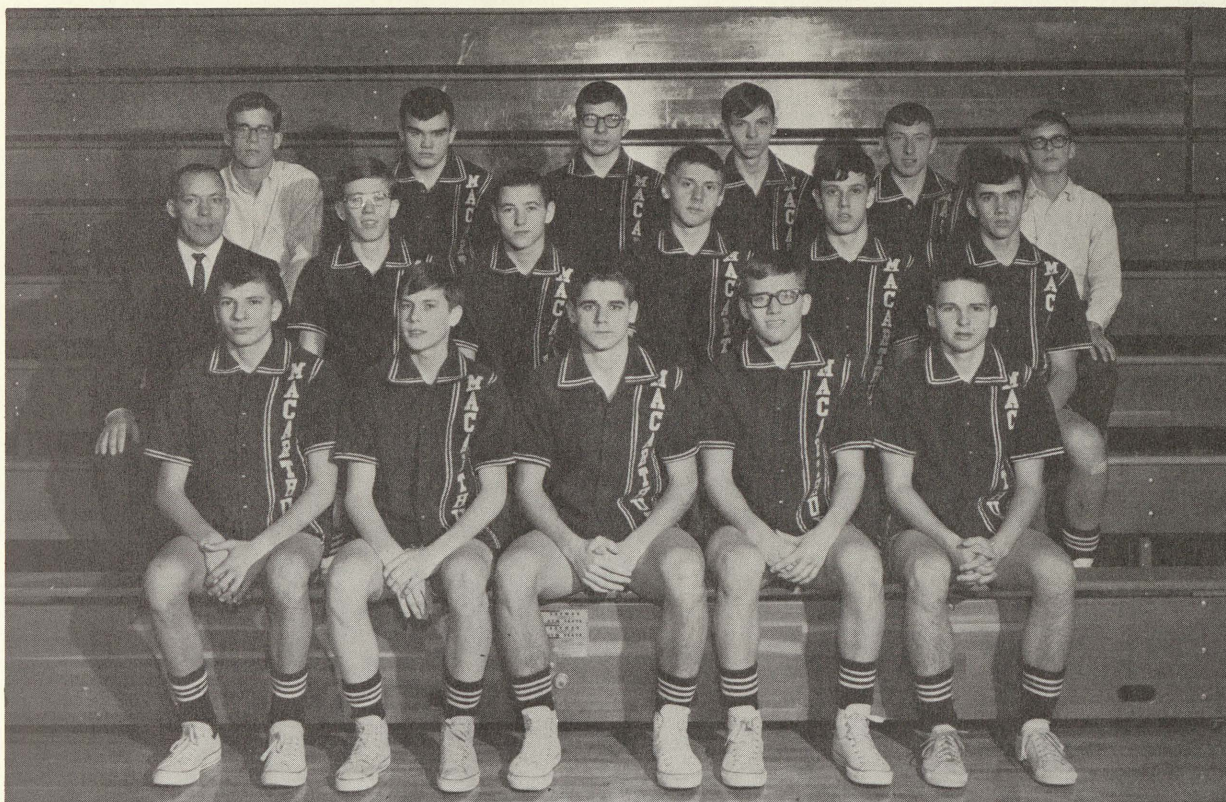

Although the MacArthur basketball team finished the year with an 8-9 record, no one would deny that it had a winning season. Both Bridgeport and Midland fell twice to the mighty Generals who also earned victories over Mt. Pleasant, Clio, and Bay City Handy. After two losses to Buena Vista and defeats in games with Arthur Hill, Bay City Central, and Flint Northwestern, Coach Bill Matson's squad redeemed itself in the eyes of MacArthur fans with a stunning home-court upset of Arthur Hill. The Generals' season declined from this high point, with only two victories against four defeats, including a first-round tournament loss to Owosso.

Four-year player Mike Lazorchak led the team in scoring, followed by 6'4" center Gary Ruffini and junior forward John Watkins. With a varsity team composed mainly of seniors and a JV team with a 3-13 record, Coach Matson faces the possibility of a long 1965-1966 season.

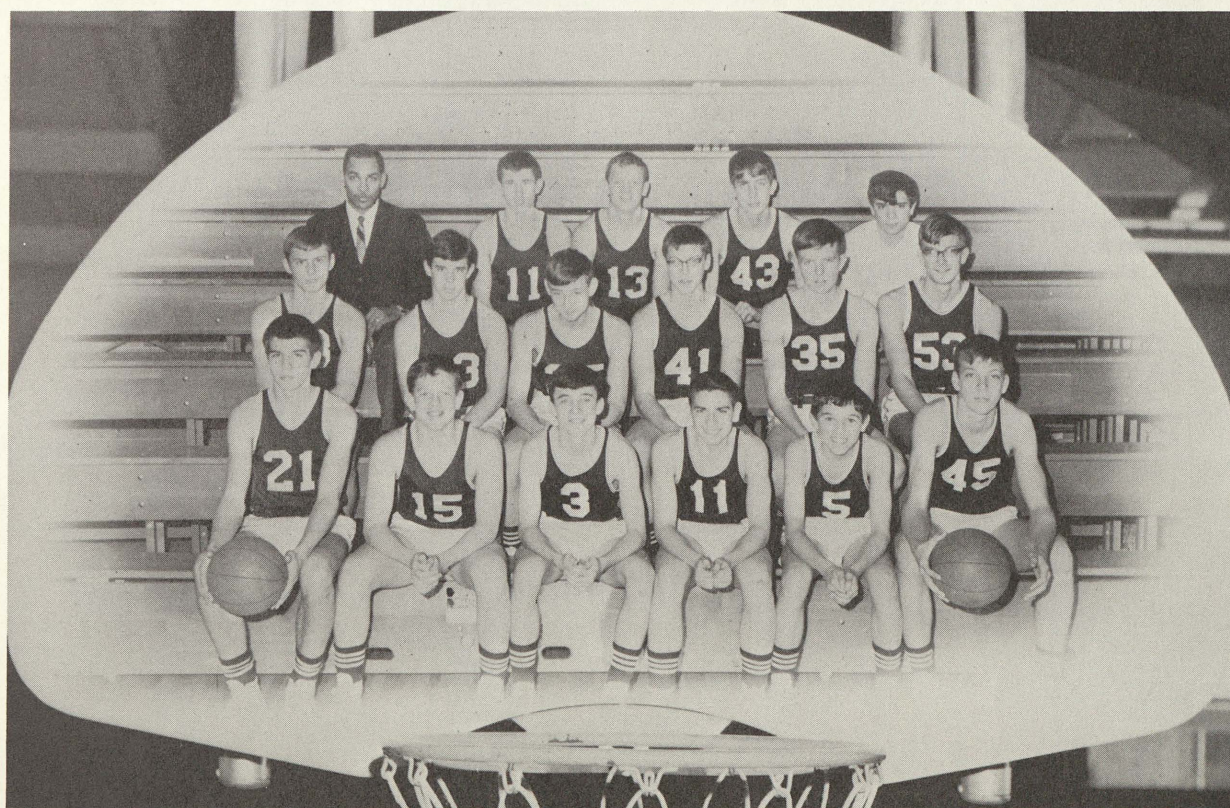

. . . In the excitement of the moment, the photographer's hand trembled . . . but the scoreboard remained resolute, broadcasting the results—MacArthur 63, Arthur Hill 60.

Swimming

The 1965 MacArthur varsity swim team submerged the opposition in seven of eleven dual meets. Double wins over Lansing Waverly, Flint Northwestern, and Oscoda, plus a 66-38 drowning of Flint Ainsworth, sparked the season. Losses came in meets with much stronger Saginaw High and Grand Blanc teams. Although the team did not place in the Arthur Hill Relays, it gained valuable experience by participating.

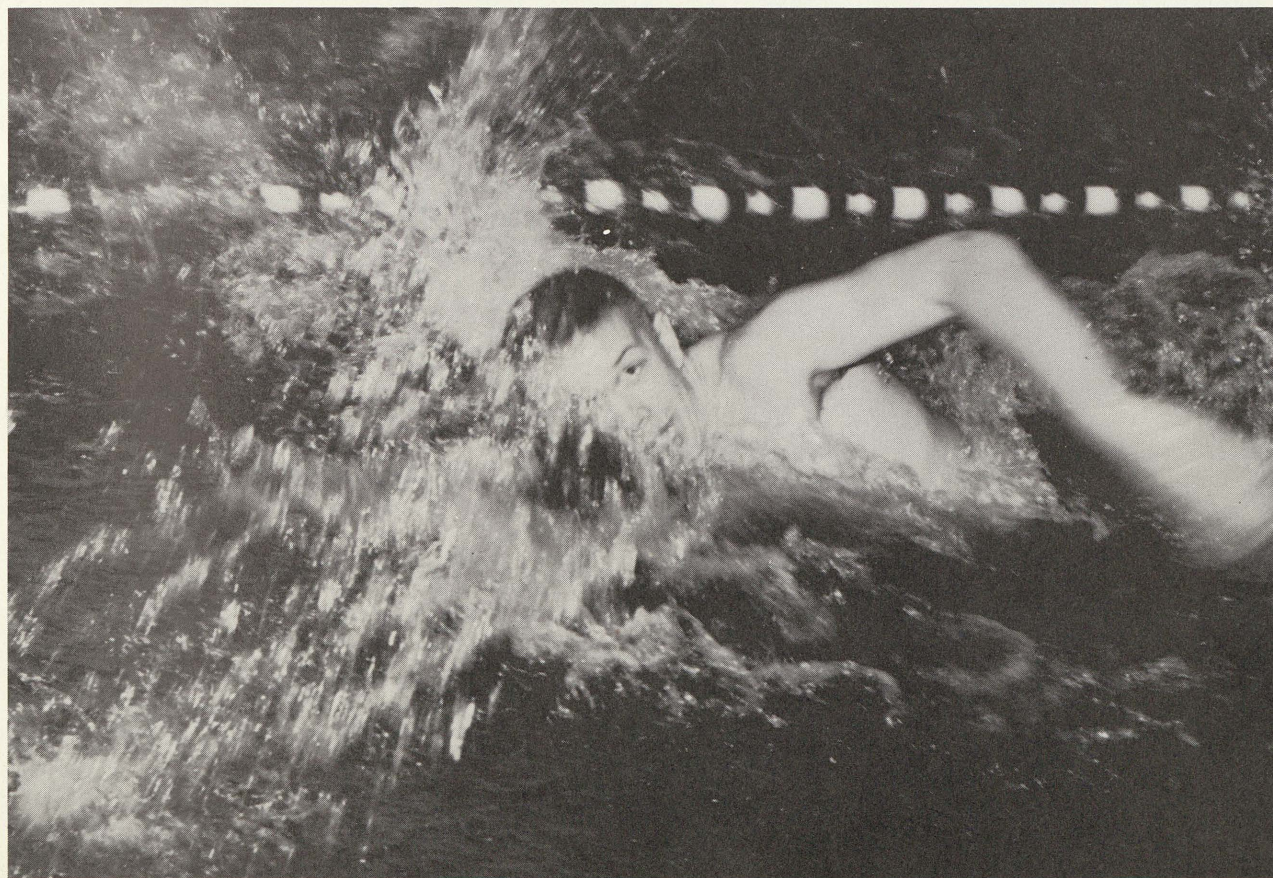

Sophomore freestyler Tim Quinn paced the team with consistent 200- and 400-yard wins, while classmate Dave Butts dominated the breast stroke event. The medley relay team, undefeated in ten meets, added vital points to the team's scores, as did diver Jim Schneider. With a team made up largely of underclassmen, Coach Ben Wells can look forward to the 1966 swimming season with confidence.

Here the camera catches two competitors in mid-air, showing the beauty and grace of swimming. Pictured above is Jim Schneider at the peak of a dive, while at the left backstroker Ken Szabo reacts to the starting gun.

Freestyler Tim Quinn splashed to many victories in the 100-yard event.

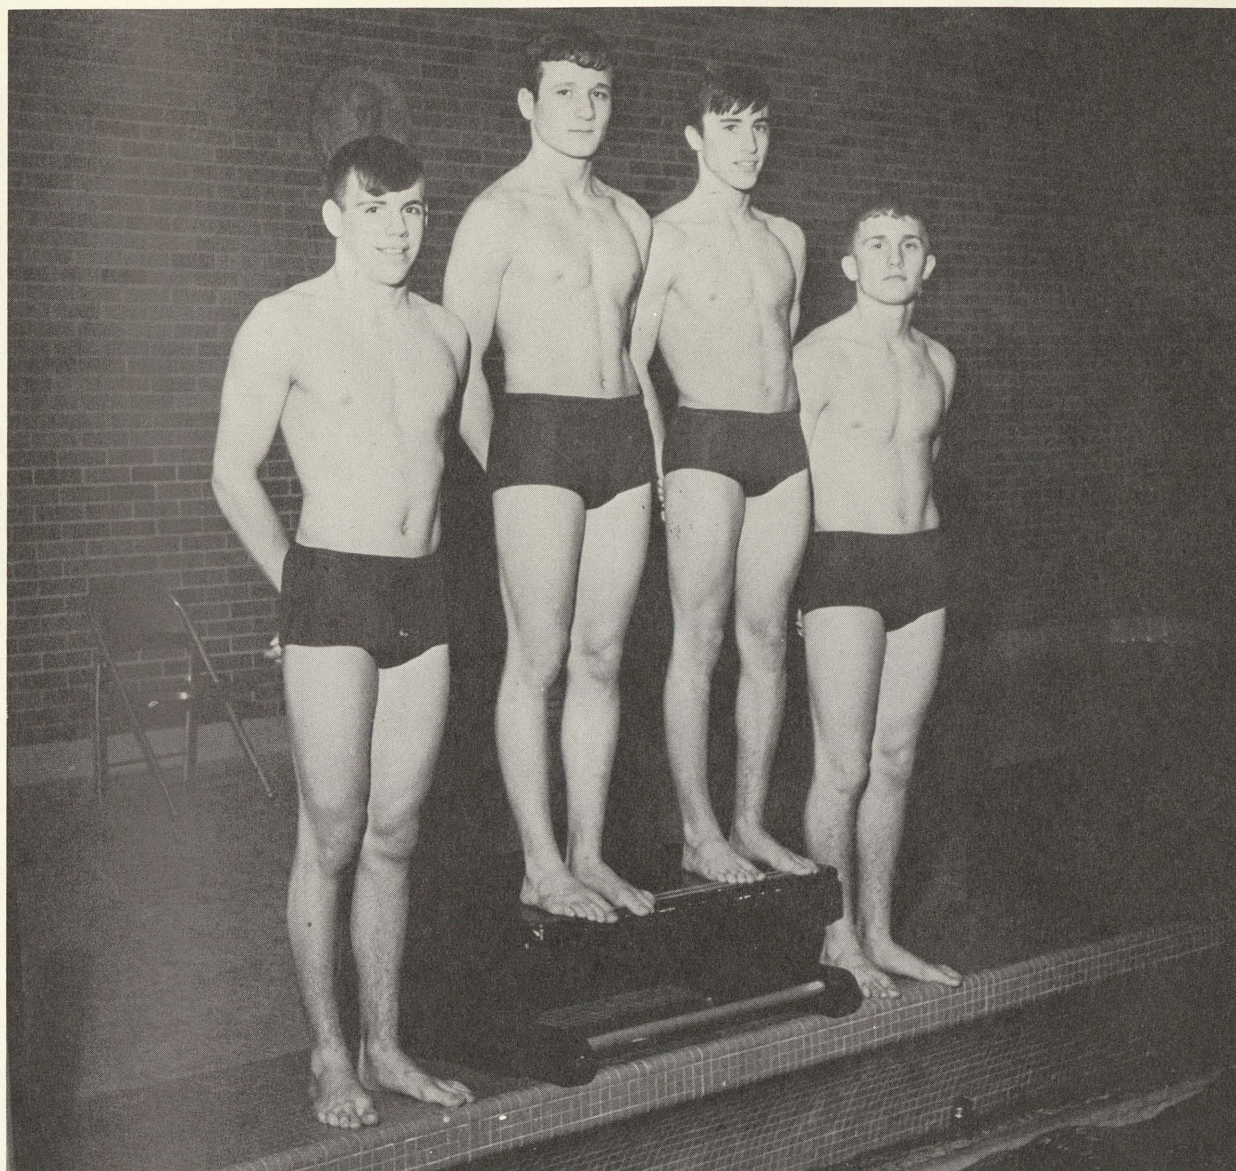

One of Jim Murray's many jobs as team captain is handing out towels before each meet.

Backstroker Guy Gotts displays his form.

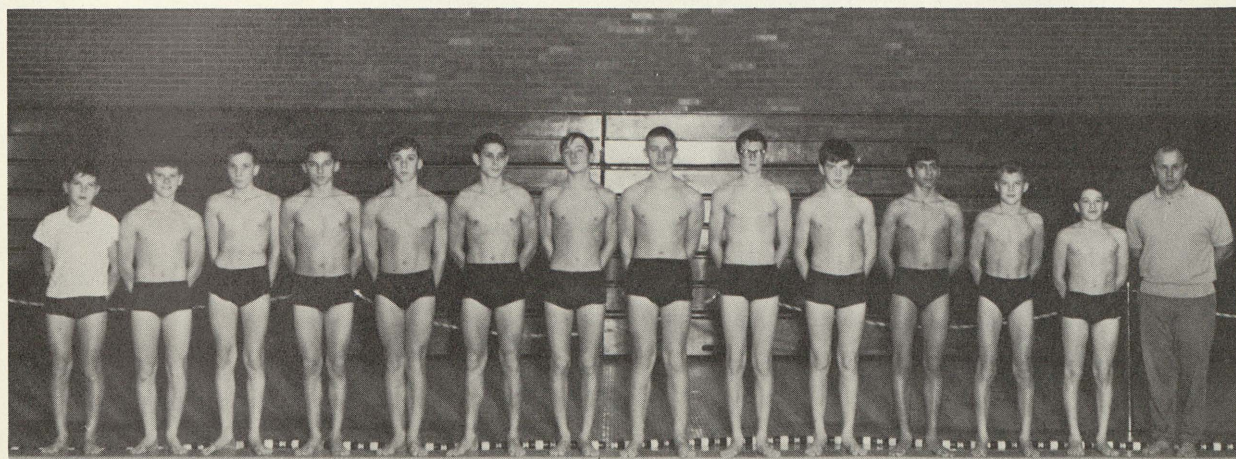

In the background the score is visible . . . MacArthur 54, Oscoda 38. The swimming Generals celebrate by sending Coach Wells to an unexpected bath.

The MacArthur medley relay team, consisting of Chuck Sperry, Ken Szabo, Ron Pfeuffer, and Dave Butts, was undefeated in ten meets.

A General's schedule is filled with many activities. Early in the school year an activities carnival is held, at which clubs introduce themselves to prospective members.

ACTIVITIES

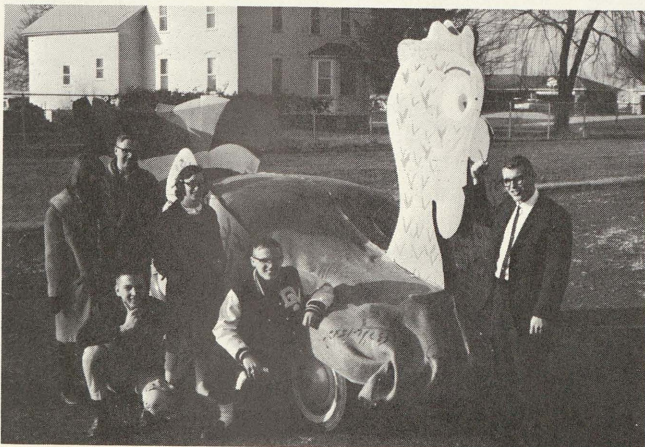

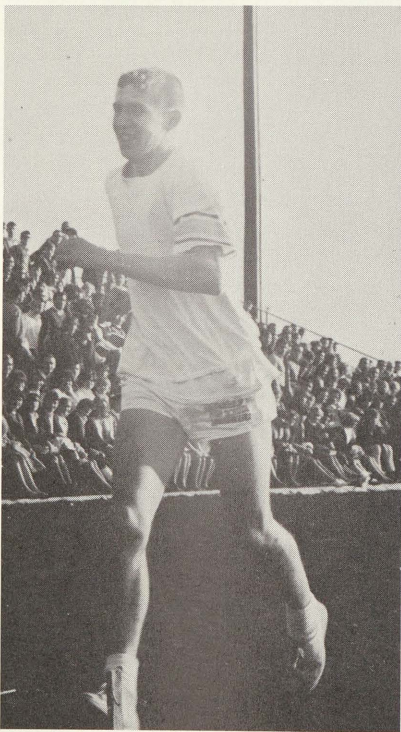

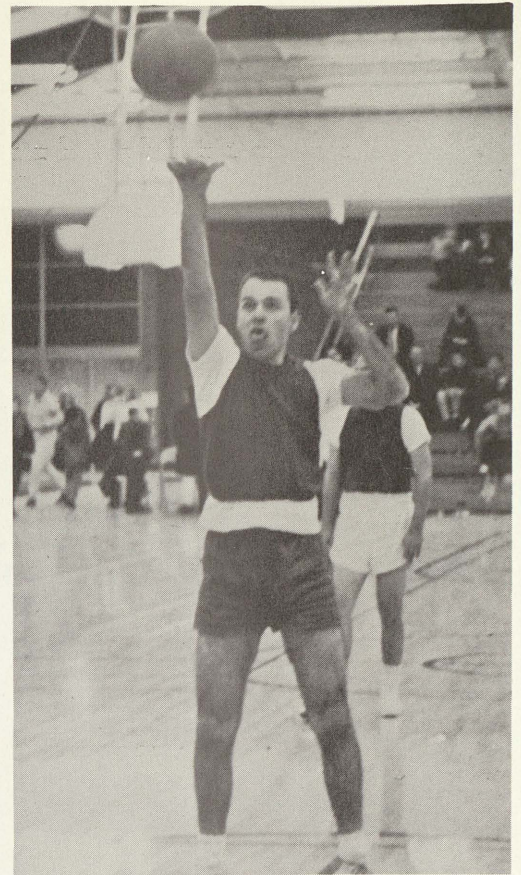

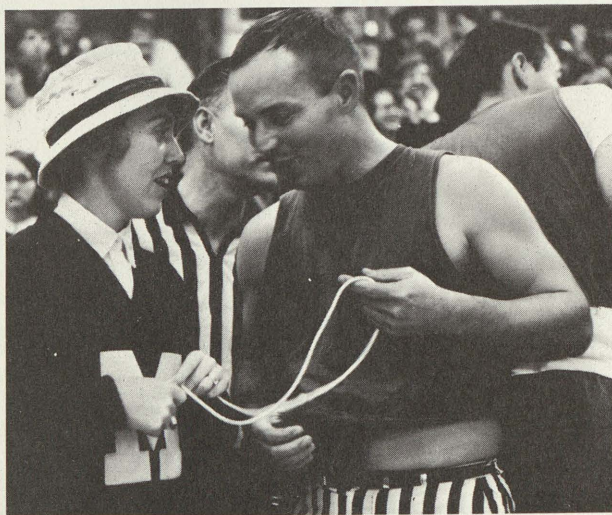

November 25, 1964, was a big day for students at DMHS. It was the last day of school before Thanksgiving vacation, and the Generals celebrated with the Third Annual Turkey Trot.

Preceding the Turkey Trot was a hootenanny. In the Trot, Dale Brown and Jeanne Jeffrey were the winners. Mr. McAllister distributed live Turkeys to Dale, Jeanne, and to Mr. McGinty's Senior Special Math Class, who won the costume prize with their "Volks-Turkey."

Faculty Basketball

Basketball season at MacArthur is traditionally opened by a game between the Chippewa and MacArthur teachers. The teaching Generals always, naturally, manage to scalp the little Chips.

DMHS TV records the action.

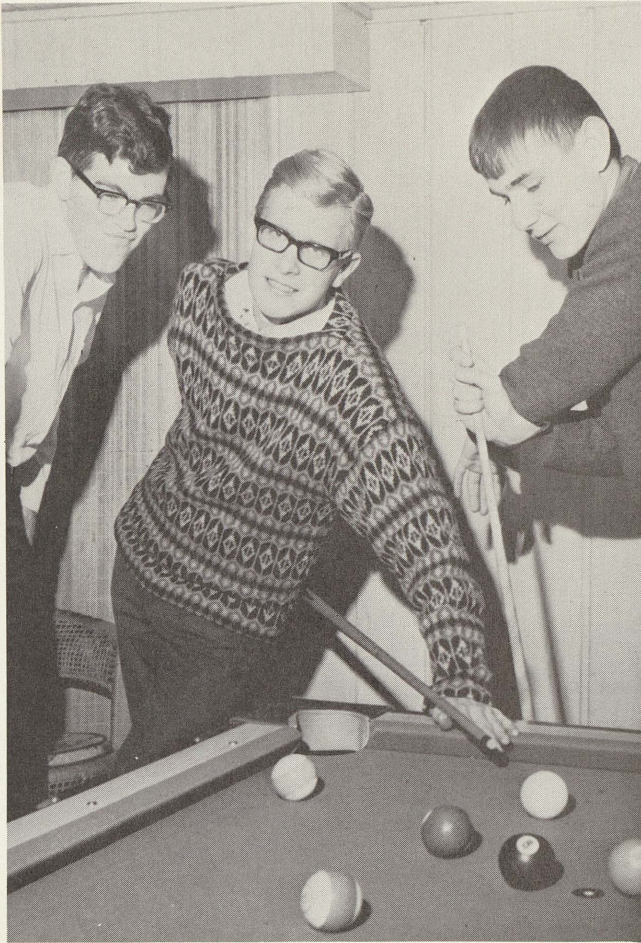

Slop Day

One day each spring the MacArthur student body unites for a special cause . . . SLOP DAY!! Officially called "Casual Dress Day" by Student Council, the day receives utmost attention from everyone involved. And who knows what will happen? People ride bikes or scooters or horses, bring squirt guns, buy watermelon, go barefoot, and generally succumb to spring fever.

Anything to get to class on time.

Exchange Students From Sweden, Brazil, Give the MacArthur Campus an International Flavor.

The '64-'65 school year saw two exchange students visiting the MacArthur campus. Lennart Schenck, hailing from Sweden, attended DM for the entire school year. Jose Pecego, who calls Brazil home, came to MacArthur in the middle of March . . . which, unfortunately, was too late for a yearbook picture.

Both Lennart and Jose were rapidly adopted by MacArthur students in addition to the township families they lived with.

Dances

Dances are held throughout the school year. After-game dances during football and basketball season are especially popular.

The social highlight of the school year for juniors is the Junior Prom. The 1965 prom, "Winter Moonlight," was held on January 30. Music at the prom was provided by "The Kings Four."

Junior Prom

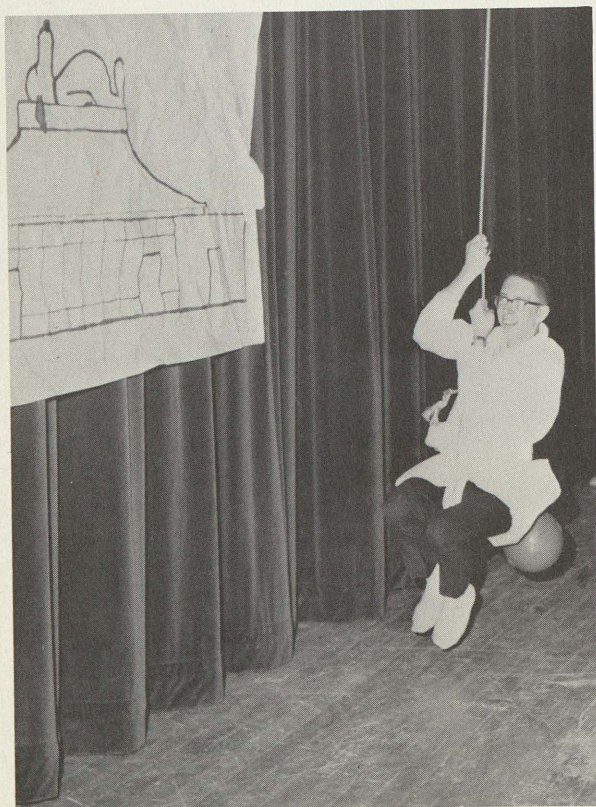

The All-School Assembly, utilizing talent from the student body, proved to be the hit of the '64-'65 MacArthur assembly schedule.

Folk music was provided by traditional DM favorites, the Tallymen, and by Sandy Lamb. Other musical groups included "The Tankers" and the MacArthur Dance Band.

Comic shorts, including the first annual MacArthur drags (tricycle race) and an appearance by the Snoopy of Charlie Brown added spice to the program.

Other acts included Michigan-Hawaiian dancers, a skit, "The Twelve Days of Christmas," a magic show, and many more.

All-School Assembly

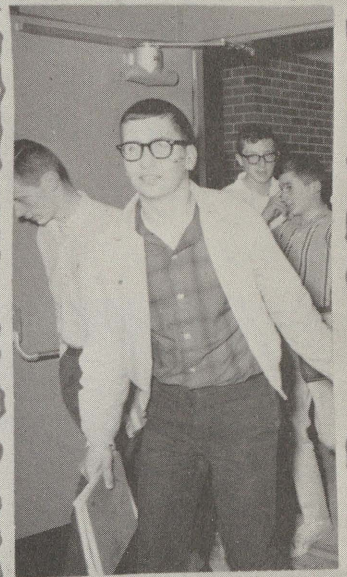

Mr. McGinty's senior special math class drew laughs and applause with their "This is Your School" skit. At right is "Mr. Stone" and his pendulum. Above, Dave Zoellner, Fred Hammer and Bill Purcell satirize the "Center Woods Boys" using paper cigarettes.

SENIORS

Class of 1965 The First Graduates of Douglas MacArthur High School

In the heart of any school is one face which is most admired, that of a senior. A senior's face is one that can look back as it looks forward. His face shows the pride of success, the sadness of farewell, and the vision of a future beyond this place.

The world awaits our efforts
for they determine its future.

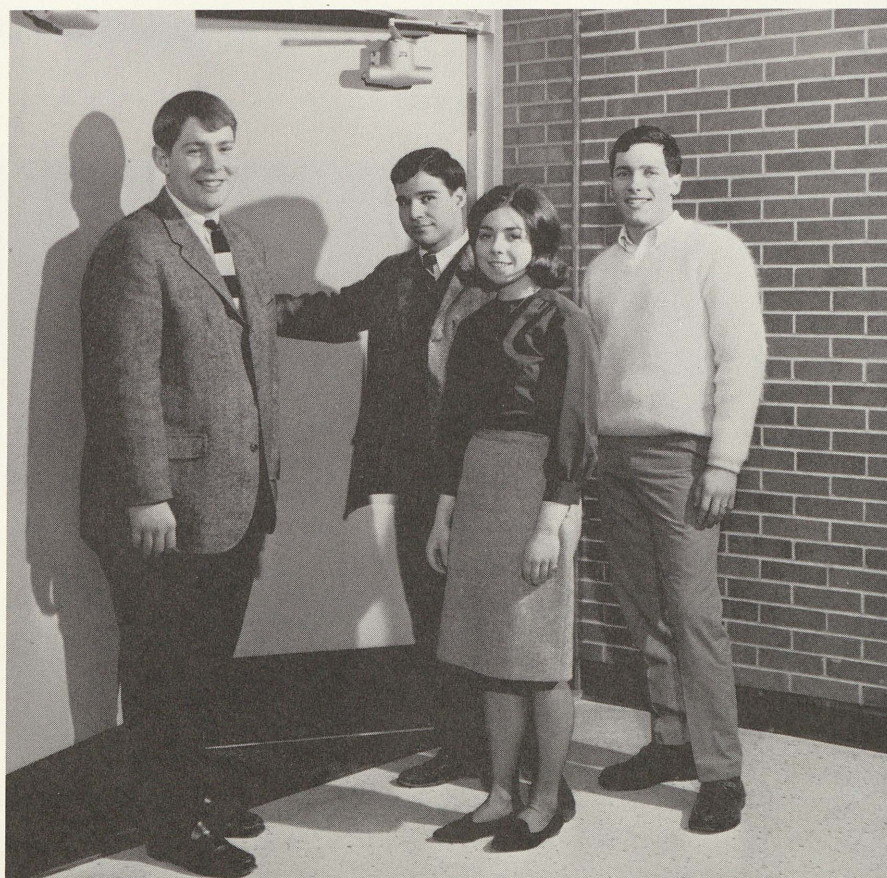

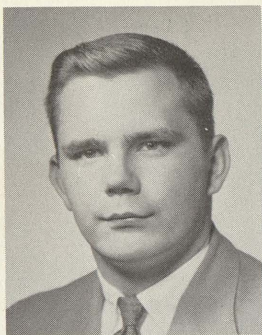

SENIOR COUNCIL: Seated, left to right; G. Carroll, D. Dunning, B. Williams, P. Richards, B. Purcell, D. Baxter, L. Folgueras, Standing; F. Hammer, D. Oehring, R. Hazen, B. Rorke, D. Roche, B. Tiderington, J. Payton.

The leaders have been few, but the problems facing them were many. We, now, must pass these and many other problems on to the leaders of the future. We hope that you, as underclassmen, will follow in the traditions we have set.

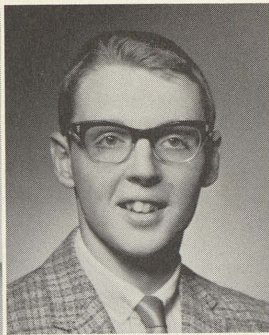

Every class leaves something to a school; we leave a hope, a hope that you will carry on the traditions that we have set; to grow in knowledge and to honor your school, Douglas MacArthur.

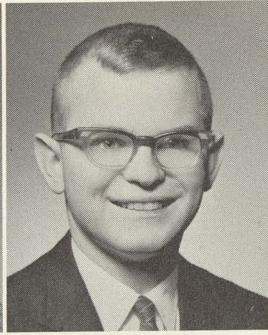

SENIOR CLASS OFFICERS: Secretary, Dave Roche, President, Jim Payton, Treasurer, Lucine Folgueras, Vice-President, Bob Tiderington.

"AROUND MACARTHUR"

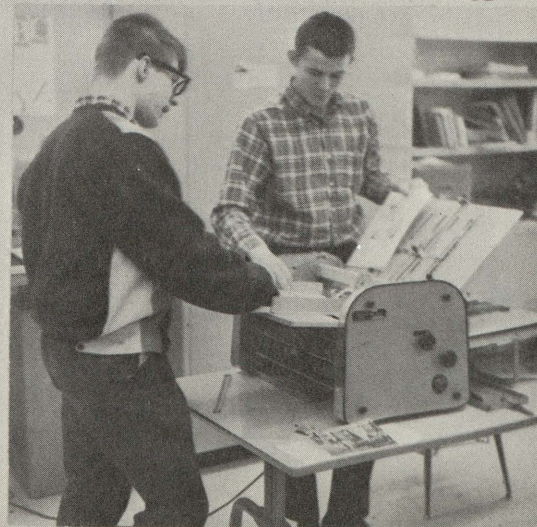

its only a pencil

"WHEEEEEEE"

FINIS

Ann Wolfe had the privilege of representing MacArthur at a press conference given by Meredith Wilson when he was in Saginaw in October, 1964. When Ann introduced herself and said she was representing Douglas MacArthur H.S., Mr. Wilson asked her if she knew Douglas MacArthur's credo.

Ann did not know the credo. When Mr. Wilson learned that our school did not possess a copy of the credo, he told Ann, "If you will buy one and give it to your school, I'll pay the bill."

Ann's search for a copy of the credo brought no results. She wrote a letter to Mr. Wilson, explaining the situation. He responded by locating a beautifully-mounted copy of the credo and sending it to Ann for presentation to the school. The credo now hangs in the Centers Building, where it can be read by MacArthur students and visitors to the school.

MacArthur's Credo

"Youth is not entirely a time of life . . . it is a state of mind. It is not wholly a matter of ripe cheeks, red lips or supple knees. It is a temper of the will, a quality of the imagination, a vigor of the emotions, a freshness of the deep springs of life. It means a temperamental predominance of courage over timidity, of an appetite for adventure over love of ease.

"Nobody grows old by merely living a number of years. People grow old only by deserting their ideals. Years may wrinkle the skin, but to give up interest wrinkles the soul. Worry, doubt, self-distrust, fear and despair . . . these are the long, long years that bow the head and turn the growing spirit back to dust.

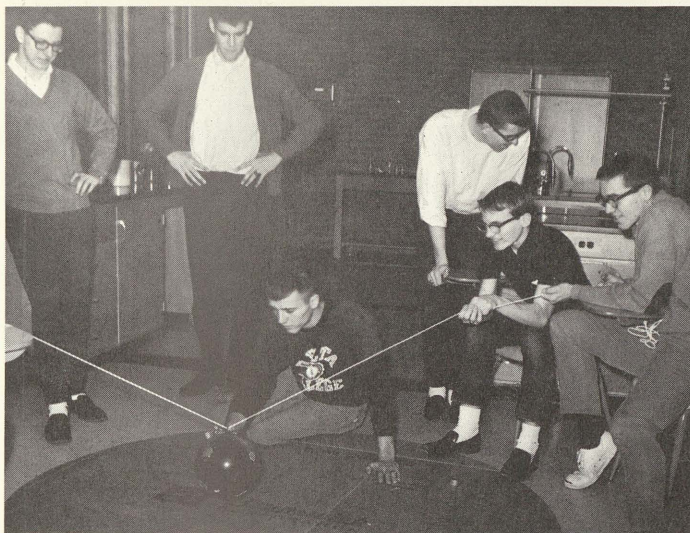

"Whatever your years, there is in every being's heart the love of wonder, the undaunted challenge of events, the unfailing childlike appetite for what's next, and the joy of the game of life.

"You are as young as your faith, as old as your doubt; as young as your self-confidence; as old as your fear; as young as your hope, as old as your despair.

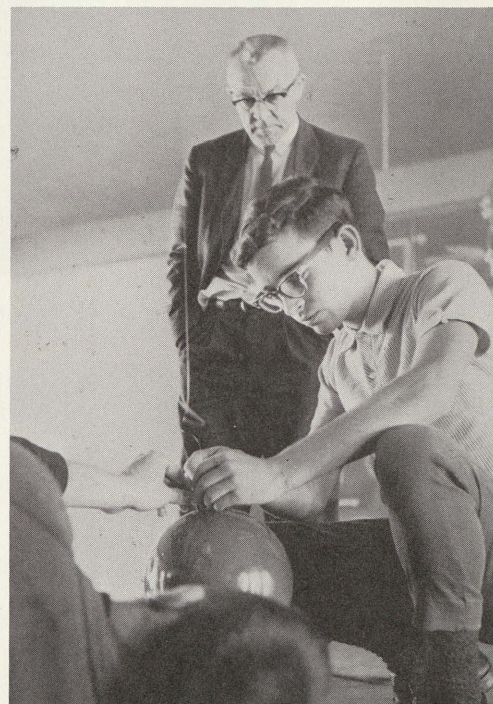

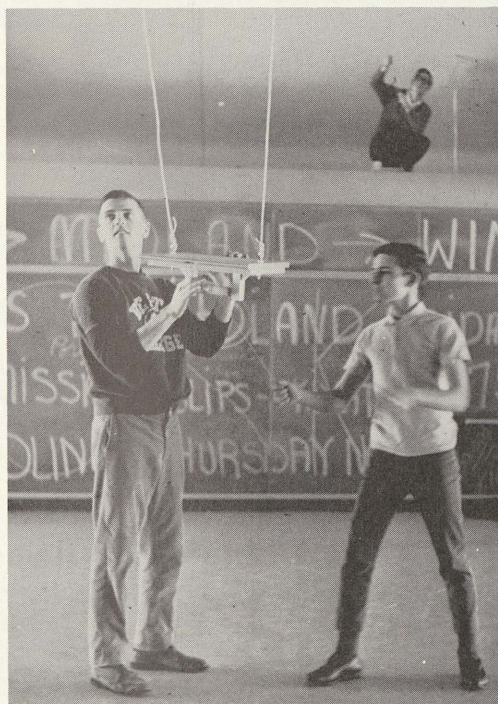

"In the central place of every heart there is a recording chamber; so long as it receives messages of beauty, hope, cheer and courage, so long are you young.

"When the wires are all down and your heart is covered with the snows of pessimism and the ice of cynicism, then, and then only are you grown old."

GENERAL DOUGLAS MacARTHUR
January 26, 1880—April 5, 1964

**Still Another
MacArthur First . . .
. . . Physics Students
Build Foucault
Pendulum in
East Hall**

At the end of the first semester Mr. Stoner's advanced physics class created quite a stir on campus by erecting a Foucault Pendulum.

The MacArthur pendulum duplicated, on a smaller scale, an experiment performed by the French physicist Foucault in 1851 that demonstrated the rotation of the earth. Our pendulum had a bright orange bowling ball as a weight, and was suspended by a 23-foot piece of piano wire from the top of the center area in East Hall.

Organizations, activities, and faculty were covered by Mary Jo Lincoln, Sherry Eyster, Chris Otto, Diane Baxter, and Linda Grinnell (not pictured).

Itella Staff

Early in December, 1964, the '65 ITELLA Staff moved into the ITELLA room, located in the Centers Building, directly behind Mr. Moore's office. From then on it was a race with the calendar to meet deadlines and shipment dates.

There were times of breakdown and almost surrender . . . when all the underclassmen pictures came back improperly identified, for example. But there were also times of high expectations for ITELLA '65. ITELLA Staff hopes you feel these high expectations are justified.

Special thanks go to photographers Bill Mitchell, Brian Miller, Charlie Steward, Mr. Lamson, and Mr. Weaver. Also, thanks to Bosch Photographers, who handle all of the formal club shots and the senior pictures.

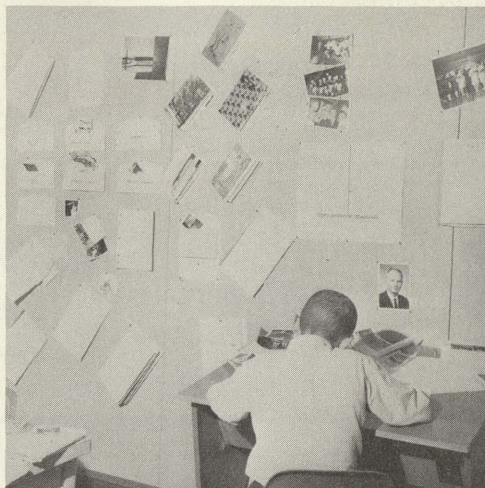

MR. LAMSON & BRIAN MILLER

BILL MITCHELL

Jan Bronner, Kathy Bailey, and Joyce Boice prepared the classes section of ITELLA '65. Jan was in charge of underclassmen pics; Kathy and Joyce worked on the Senior section.

BIRTHPLACE OF YOUR '65 ITELLA

This wall in the ITELLA room was covered with pictures, pages, lists, and notices while Staff worked on the '65 ITELLA.

MIKE VITALE—Sports Editor

The creation of your ITELLA is a major financial undertaking. The four dollar subscription charge does not begin to cover the costs of producing a high-quality yearbook. Much of the cost of ITELLA is covered by the selling of advertisements.

ITELLA Staff, and especially Business Manager Sandy Miller, is deeply appreciative of those who purchased ads in this '65 ITELLA. Indeed, every ITELLA subscriber should be thankful for the many . . .

Sandy Miller served as business manager for the ITELLA Staff. She and her staff, Linda Moffett and Tim Everett, conducted a very successful advertising campaign.

Connie,
 we have been
 in quite a ~~few~~ few
 classes together. I am
 sure you will never
 forget your History class (Mr. Stanley)
 your a good kid, so stay
 that way.
 your friend,
 Sharon
 64-65

Connie,
 well we lasted
 thru Spinal +
 Typing together - we
 will be able to stand
 anything next year.
 Stay as friendly + cheer-
 full as you are.
 Tara Hetherman

well we passed through
 speech + typing so
 far with luck, but
 we have one more
 year. Good Luck
 in your senior year.
 Donna Triske

Connie,
 You're a real sweet
 girl. I'm glad we were
 able to eat lunch
 together this year.

 + all that - Dany
 (65)

Connie,
 just a few years ago
 we were in high school
 together. Now we are a
 part of each other and
 we are proud of you.
 You are a good person
 and a good friend.
 Love,
 Mary

Best wishes for your
happiness Mrs. Wilson

Connie
We have just one more
year together and then we
must part. Let's make it
a good year.

Best Wishes
Bill Williams

Connie,
I'll give you all
the pens & all
a paper - you're
a sweet girl - who
hates short hands as
much as I do!
